To whom it may concern,

## **METRONET ELLENBROOK LINE SERVICE CHANGES**

Following an announcement on 7 October 2024 by the Hon Roger Cook MLA and Hon Rita Saffioti MLA, we are pleased to advise that the METRONET Ellenbrook Line will commence full operation on Monday 9 December 2024.

To coincide with the opening of the METRONET Ellenbrook Line, there will be significant changes to the Transperth bus network in Perth's North and Northeastern suburbs. These changes may impact how your students travel to school and as such, it is important to understand the impacts of these changes.

We encourage all students and guardians to visit the Transperth website ahead of 9 December to plan their journey. The public transport network surrounding the new Ellenbrook Line will be changing significantly and most journeys will be impacted. Please circulate this information with your school community. The flyer can be sent directly to parents/guardians.

A summary of changes impacting students at your school is available on the Transperth website. These changes are effective from the commencement of the METRONET Ellenbrook Line on Monday 9 December 2024.

I trust that these changes will shape a transformation to how your current and future students will travel to and from school and ensure that public transport remains an attractive option for students travelling to schools across the North and Northeastern suburbs.

Kind regards,

**GARY MERRITT**  
Service Development Manager  
Transperth, Regional & School Bus Services
