3 DECEMBER  
2025

## FROM DR ROBERTS

It's hard to believe we are already in Week 8, and the term is quickly drawing to a close. I am currently reading through the end-of-semester reports, these reports will be sent home on Friday 12 December.

We are also eagerly looking forward to our Graduation and Christmas Concert. Staff and students are working incredibly hard behind the scenes to prepare a memorable celebration, and we are excited to share their fantastic work with you. It is always a highlight of the year, bringing our school community together in a joyful way.

Planning for 2026 is well underway. Class structures are currently being developed to best support student learning and wellbeing. Class lists will be finalised and made available via Compass on Friday 30 January 2026.

I would like to take a moment to acknowledge the success of our recent swimming lessons. The program is running smoothly. A big thank-you goes to Mr Etheridge, our teachers, and support staff whose organisation and guidance ensures the program is both safe and enjoyable. A special commendation must go to our students—the Deputy Director at Craigie praised them for their behaviour and respectful conduct throughout the sessions. We are incredibly proud of the way they represent our school.

Thank you for your continued support as we head into the final weeks of the term.

## SCHOOL PROCESSES

Most schools occasionally have multi-year level classes and our school is no exception. Teachers use their knowledge of all the students and the HPPS Guidelines to support their decisions that are always made in the best interests of the students. As every classroom has students with varying ranges of needs and abilities, students in multi-level classes are not disadvantaged in any way compared to those in a same year level class.

## DID YOU KNOW?

- Students return to school on Monday 2 February 2026
- significant time, thought and care goes into creating class lists with input from current classroom teachers and other staff
- each student provides the names of others they can work with, which assists with placing your child with a nominated person in their class
- requests for class placement changes are rarely granted
- you can be confident in staff professional knowledge, experience and relationships with student placements
- your understanding and cooperation in this matter is greatly appreciated

## SUN SAFETY

As the weather warms up, we want to make sure our students stay sun safe. Please remember to send your child to school with their hat and apply sunscreen before they arrive.

Thanks for your support in helping keep our students safe in the sun.

## SOCIAL MEDIA RESTRICTIONS

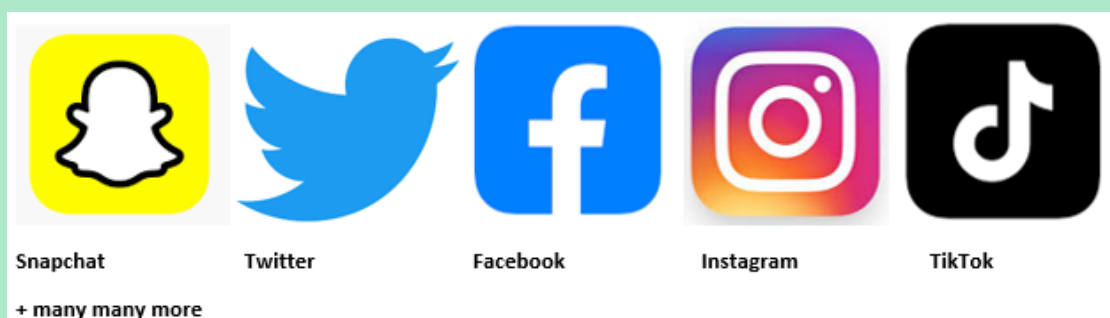

### Social media age restrictions

From 10 December 2025, age-restricted social media platforms will have to take reasonable steps to prevent Australians under the age of 16 from creating or keeping an account.

Please follow this link to help you better understand:
